

## Learning Facilitator - Young Achievers Academy (An Afterschool Program)

In a world where information is available at your fingertips and disruptive innovations are changing the way we work, live and communicate; we think it is time to redefine the goals of learning. Learning is not about certificates, not about acing exams, not about lectures and notes anymore! Learning is about knowing and exploring your potential, leveraging your strengths to stand out and making good choices, it is about looking for opportunities to solve problems and making change happen.

*Sparkling Mindz was founded with a vision to create innovative learning experiences and make education relevant in the 21st century. We create inspiring, engaging and empowering game-based learning experiences for children across ages.*

Since 2011 we have been running a game-based afterschool program called **Young Achievers Academy** that focuses on developing thinking and communication skills in children between 3-16 years. We are looking for passionate individuals who think skills like creative thinking, critical thinking, communication skills, empathy and problem solving are critical and essential to develop in children TODAY.

You can check out more details on our website at [www.sparklingmindz.in](http://www.sparklingmindz.in).
